

## EBooks

Wednesday, 23 May 2007

This little proggy saves unlimited number of text pages in a portable database/file. Text sheets are encrypted with username and password. I use it to store login credentials to various sites etc.{multithumb}

This little proggy saves unlimited number of text pages in a portable database/file. Text sheets are encrypted with username and password. I use it to store login credentials to various sites etc.

### Features:

- Add/edit text sheet
- Print, Print preview
- encrypt database
- several search methods
- associate .pef extension with EBooks.
